Adoption of Strategies

To avoid possible delays in lodgement of changes with the Office for Business and Consumer Affairs, the Corporate Governance Committee may, following consideration of proposed changes, advise members of the Committee's decision prior to seeking ratification from the Board, except in the following cases where the Board's prior approval of the change will be required :-

- change of name.
- change of colours.
- any other matters which the committee may consider should be referred to the Board for consideration.
