Our policies have recently changed with the introduction of the National Integrity Framework. We will be working together over the next few months to upskill our community members in this space.

SA legislation requires organisations who provide services for children to ensure a child safe environment by:

Please note SwimmingSA has lodged updated Child Safe Environment Compliance Statement on behalf of each club and association.

As part of affiliation for the 2023-24 season Clubs will need to ensure a minimum of two committee members have undertaken the National Integrity Framework training course.
