SASI Swimming Scholarship Selection

Selections for the SASI Swimming Program each scholarship year will be made by the SASI Swimming Selection Panel and will be ratified by the Program Joint Management Committee (JMC).

The SASI Swimming Selection Panel will consist of the SASI Head Coach, the SASI Assistant Coach (if applicable), the SASI HP Coordinator, the South Australia State Coach and a representative from Swimming South Australia.

Selection of Swimmers for the SASI program will be based on the following three parameters:

(a) show improvement in their year-by-year results in National competition,

(b) fulfill the eligibility requirements to be considered for a SASI scholarship (Part A of this document) and

(c) achieve one or both sets of criteria as listed above for SASI Scholarship or Associate Scholarship

Scholarship Levels

a) SASI Scholarship

A SASI Scholarship will be offered to athletes who meet the selection criteria and eligibility requirements outlined in Swimming Australia's categorisation criteria (as described in Appendix A) for the Podium, Podium Ready, Podium Potential and International levels.

Athlete support will be prioritised and tiered based on each athlete's categorisation level and dependant on number of scholarship athletes within the swimming program.

b) Open Water Scholarships

Medallists at the 2019 Australian Open Water Swimming Championships in the 10km senior event only will be offered a SASI Scholarship. The level of this scholarship and support will be at the discretion of SASI.

c) **SASI Associate Scholarships**

A SASI Associate Scholarship will be offered to athletes that achieve the selection criteria as decided by the SASI Swimming Selection Panel and ratified by Swimming Australia.

Specialist support and activities agreed to by the Joint Management Committee will be delivered with the aim of strengthening the development pathway for talented South Australian swimmers onto junior and senior national squads and teams.

Additions to SASI Swimming Program

Swimmers may be added to the SASI Program with support of a scholarship under special circumstances. The decision for this would be at the discretion of the Joint Management Committee.

- Swimmers who make the senior National Team for a major international long course meet i.e., Olympic Games, World Championships, Pan Pacs and Commonwealth Games, in an Olympic event, who are not currently on scholarship will be eligible for support.
- Swimmers who achieve a qualifying time at a meet other than the major long course championship may be considered for addition to the program. This will depend on the number of athletes in the program and support will be at the discretion of the Joint Management Committee.
- Qualified swimmers who move to South Australia from interstate will be considered for addition to the program. Swimmers who are current National Squad members in Olympic events will be eligible for immediate addition to the program with the approval of SAL, irrespective of the number already on scholarship.
- Swimmers identified by the National Head Coach and who have been invited and attend national team camps will be considered at the discretion of the JMC.
- Junior swimmers who achieve the SASI Selection Criteria early in a competition season.

6. Scholarship retention

- Swimmers who have been on SASI Scholarship for the previous year must show an appropriate performance progression at the 2018 National Championships in comparison to the time performed at the 2017 National Championships in the event in which they qualified or qualify in another event. With the exception of Podium and Podium Ready athletes who will need to maintain performance.
- Athletes who re-qualify at a lower scholarship level than the one they are currently on or swim a slower time than the previous year, recorded at the Australian Championships (Open or Age) are not guaranteed re-selection. Retention of scholarships in these instances will be at the discretion of the Joint Management Committee.
- There will be performance and scholarship reviews every 6 months and scholarships may be terminated or downgraded at the discretion of the Joint Management Committee. Athletes may also be added at this time, being at the discretion of the Joint Management Committee.

7. Multi Class Athletes

The SASI Individual Athlete Program (IAP) provides support to athletes with a disability competing in Paralympic events.

To gain support through this program individual athletes must lodge an application for an IAP scholarship. Scholarship applications are called in October/November each year for scholarships that are offered on a calendar year basis.
